

REPORT

2007 HIGHLIGHTS

SUMBA, INDONESIA

A new medical clinic will be built in 2008 as we partner with The Sumba Foundation to help the local population fight the ongoing threats of malnutrition, malaria and lack of clean water.

BOHOL, PHILIPPINES

Working with God's Kids ministry, we have funded the building of two orphanage homes in this village.

IRVINE, CALIFORNIA

We provided 3 truckloads of supplies to California fire victims. Many of the staff got involved!

INVESTING IN LIVES AROUND THE GLOBE

The Optivest Foundation was created this year to make a difference by transforming the lives of people through strategic opportunities that honor Christ. Our vision is to make an impact through financial investments that change lives. And we do so because we value life, love, hope and stewardship.

Funded by 10 percent of the gross revenue of Optivest and Optivest Properties, the Optivest Foundation invested over \$285,000 in people, projects and causes in both local and international areas in 2007. As clients of Optivest and Optivest Properties you are helping to make the Optivest Foundation a success and we are grateful and excited for the impact these investments will make.

Our plans for 2008 include expanding and following up on the investments we made in 2007, as well as looking for additional opportunities where our funding can make the most impact toward accomplishing our mission.

We hope to bring you quarterly updates regarding the Foundation and welcome your questions and input. Our hope is that you will feel partnered with us as we seek to make a difference in other people's lives in a positive and potentially eternal way. And perhaps you will join us as we travel beyond our borders on a trip this next year as we perform our 'due diligence' and celebrate the impact the Optivest Foundation is making... here in our own neighborhoods and beyond.
